**Not Purchased in 2 Years New Status**

# Items Not Purchased In 2 Years - Matrix

- Users can now be more aware of items listed in the Matrix, VIM, Favorite Lists, and New Non-Catalog that have not been purchased **across any client system** for the past two years.
- These items will be identified with a new icon on the previously mentioned screens.
- Hovering over the tooltip will show “Item not purchased in two years”
- Exceptions:
  1. Items on active/effective GPO contracts
  2. Implants
  3. Items are not included in a Product Family of an active/maintained item

## Contract Priority Enhancements

A new setting has been added to allow users with the appropriate security rights to set priorities for their multiple HPG contracts during the loading process.

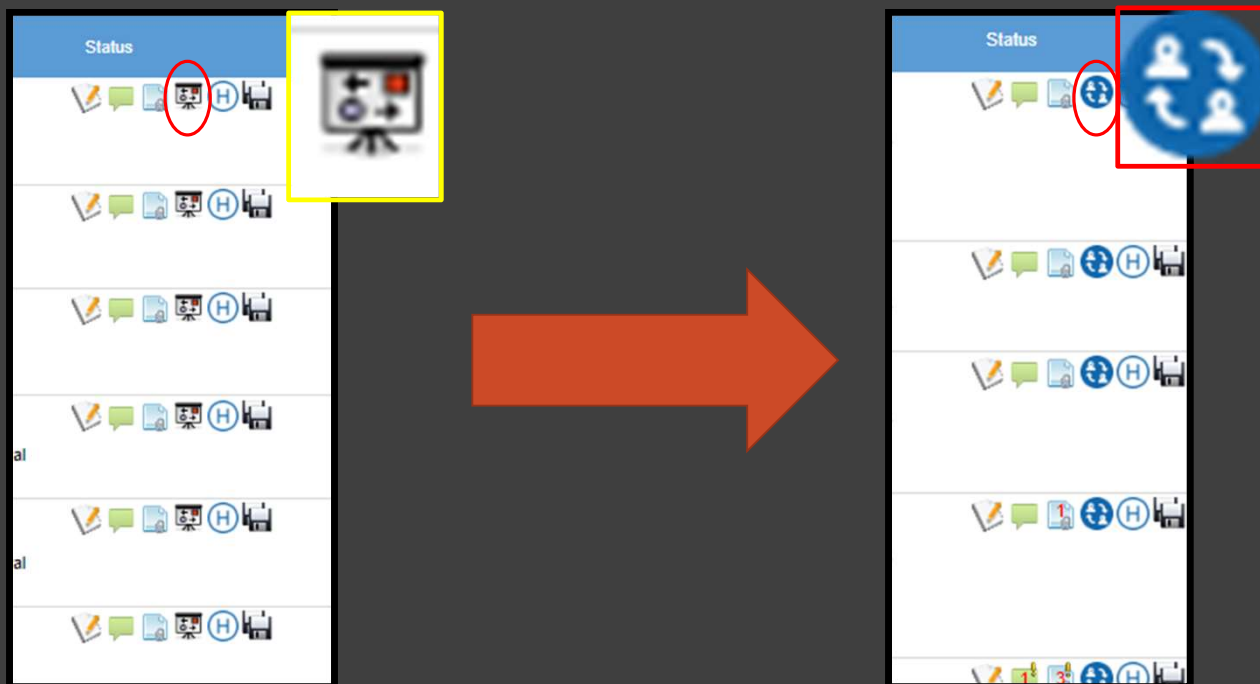

---

## New Approval Path Icon

# Approval Path Icon: Old to New

The icon has been updated to improve user useability by making the icons more perceptible.

# Process Updates

---

# Resolve Duplicate Item & Item Loading Process Improvements

- The current Resolve Duplicate Item and Item Loading processes will now include additional steps to update UNSPSC codes and UNSPSC descriptions to the latest recommendations.
